A TAX-SMART WAY TO MAKE YOUR MARK AT McMASTER

If you own publicly listed stock or securities – especially if they have increased in value to the point where taxes will be significant – making a donation of those assets to McMaster University can be a tax-smart way to support the University’s mission. Making such a gift is easy and our team is always ready to help you navigate the process.

WHAT TYPES OF ASSETS ARE ELIGIBLE?

You can make a gift of shares, debt obligations or rights listed on a prescribed stock exchange. You can also donate a share of the capital stock of a mutual fund corporation, a unit of a mutual fund trust, an interest in a related segregated fund trust or a prescribed debt obligation. Because these assets can fluctuate in value, the dollar amount of your charitable gift receipt will be based on the closing trading price on the day that the counterparty’s financial institution initiates the transfer of securities to McMaster University’s custodian CIBC Mellon via either CDS or DTC..

WHAT ARE THE BENEFITS OF A GIFT OF SECURITIES?

- As with any charitable donation, you can designate your gift to the area of the University that is the most meaningful to you or you can make an unrestricted donation to support McMaster’s greatest needs.
- You can make your gift during your lifetime to receive a substantial tax benefit now, or you can make a gift provision in your will that will generate tax savings for your estate.
- You can combine gifts of stock and securities with other forms of future giving such as a charitable bequest to make a more significant gift than would otherwise be possible, thus allowing you to establish your own lasting legacy at McMaster.
- Depending on how you structure your gift, you can provide McMaster with present, future and/or perpetual income, allowing the University to plan strategically for years and decades to come.

Thank you for considering McMaster University in your philanthropic plans.

ELECTRONIC TRANSFER OF MUTUAL FUNDS AND SECURITIES TRADED ON CANADIAN OR U.S. STOCK EXCHANGES

McMaster University is pleased to accept publicly traded securities as donations from both Canadian and U.S. stock exchanges, and gifts of mutual funds. Our broker/custodian will receive the transferred shares on behalf of the University.

PLEASE COMPLETE ALL THREE STEPS LISTED BELOW

If any step is omitted, your transfer may become unidentifiable which could result in processing delays. Should you have any questions, please contact our team and they will be happy to assist.

TO INITIATE THE TRANSFER OF SECURITIES OR MUTUAL FUNDS, YOU WILL NEED TO:

- 1.** Complete and sign the attached Letter of Authorization. It contains information required to authorize the settlement of your transfer, and includes all of the necessary details for your broker to initiate the transfer. E-signatures are acceptable.
- 2.** Send the Letter of Authorization to your broker (or custodian). Upload a copy of the Letter of Authorization to McMaster University [using this link](#) (preferred), or email it to advgift@mcmaster.ca.
- 3.** McMaster's Treasury Operations team may contact your broker to confirm the transfer and will authorize our agent to accept the securities or mutual funds. Once the assets have been successfully transferred, McMaster's agent will notify the University of the completed transfer so we can issue an official charitable tax receipt. The gift receipt will reflect the value of the shares at the close of business on the date that the counterparty's financial institution initiates the transfer of securities to CIBC Mellon via either CDS or DTC. This date is the date of donation. In circumstances where the date of the donation differs from the actual posting date due to processing time that causes delay of actual movement of shares from donor's account to CIBC Mellon, the date of donation will be used for the purpose of issuing tax receipt.

McMaster's policy is that all shares will be sold as soon as practicable after receipt.

Thank you for considering a gift to McMaster University.
